

**Research Grant – Call for Projects**  
**Appendix to the**  
**“Auschwitz Foundation Prizes” rules**

The Auschwitz Foundation offers an annual research grant worth EUR 3,125 which aims to finance the realization of an historical or cultural project developed by a student, a young researcher or an artist. The areas of research concerned by the grant are as follows:

- National Socialism and the Third Reich (history, politics, economy, society, culture and ideology);
- Nazi crimes and genocides and the systems and processes which gave rise to them;
- the consequences of these events for contemporary society and the collective memory;
- similar events in the past and present.

Projects in the cultural sector (scenarios, documentaries, feature films, plays, works of art, etc.) will receive particular attention.

The winning project will preferably be developed in relation with a university or a high-level research institution, national or international. Its development may take place during a period of one to three years, and will be linked to a publication contract.

Projects must be submitted by January 31 of each year, and will be reviewed by a committee of experts.
